

10 July 2013

Discussion Paper: Draft

Standards for Research, Research Training and Learning outcomes (Research Training)

Q.1 Research: The proposed standards for research are broadly supported.

Q2. No.

Q.3 Research Training: The proposed standards for research training are broadly supported.

Q. 4. NO

Q.5 Learning outcomes: The proposed standards for research outcomes are broadly supported.

Q.6. Learning Outcomes 3. Could some consideration be given to high order outcomes, for example: contribution to society; collegiality; appreciation of the contribution/place of the completed research within a historical context; foundation for future discoveries.
