Introduction

Skilled Occupations List

The Department of Education and Training is currently updating its advice on the Australian Government's Skilled Occupations List (SOL) for 2016-17.

We are seeking your input on the occupations/industry sectors your organisation represents or that you belong to as an individual. In particular, we are seeking evidence of:

- skill demand and supply imbalance,* both nationally and regionally
- medium to long-term demand and supply trends which may impact upon Australia's employment outlook
- formal licensing or registration requirements.

Note: The SOL is concerned only with 'medium to long-term' skills needs rather than immediate skills shortages. As such, the Department of Education and Training is only seeking to obtain information on longer term trends, rather than immediate shortages and costs. For the purposes of this exercise, 'medium to long-term' is defined as a period of around two to ten years

* Skill demand and supply (im)balance occurs when the quantity of a given skill supplied by the workforce and the quantity demanded by employers diverge at existing market conditions. Labour market supply and demand for occupational skills are continuously fluctuating. At a certain point in time, there will be labour market imbalances and accompanying skill imbalances if there is disequilibrium between the demand for and supply of skills.

Are there any occupations that you represent where there is evidence of imbalances in the demand and supply of skills in the medium to long-term? Please list them.

See Health Workforce 2025 - Volume 3 report that outlines the current supply/demand position with respect to the medical workforce.
Is there evidence of imbalances in the demand for and supply of skills in the medium to long-term in non-metropolitan areas?

- Yes
- No

Please indicate in which part of Australia this imbalance exists.*

See above report.

Are there any occupations which require formal licensing or registration arrangements in order to practice/perform.*

For example:
- Midwives are required to register with the nurses board in their state or territory
- Panelbeaters are required to be registered or certified with the state Motor Vehicle Repair Industry Authority

- Yes
- No

Please provide details.*

Registration with the Medical Board of Australia

Is it expected that your employment sector will be impacted by any medium to long-term trends which will impact upon demand and/or supply (excluding costs associated with training, labour hire, and international sponsorship)?

- Yes
- No

Please provide evidence (e.g. data source, policy document) which substantiates these claims.*

For example:
- New benchmarks for childcare centres mandate increased staff-to-child ratios and higher qualification standards for childcare workers.
- Medical graduate numbers have more than doubled and Health Workforce modelling published by the Department of Health predicts likely oversupply.
Please provide any additional information you consider relevant evidence to support your submission. For example, you may know of independent studies about your occupation that supports your advice to us.
